

## AMERICA WILL SEND MORE SHIPS AND MEN TO CHINA

Kempff Cables from Taku That They Are Badly Needed.

## REMEY WILL SEND SHIPS FROM MANILA

MacArthur Also Receives Orders to Dispatch Troops to the Scene of Trouble—Fierce Fighting Continues at Tien Tsin—Attack Being Made by Chinese Regulars Instead of Boxers—Force Includes 800 Americans—Relief Column from Taku Expected Today—Alarm Is Felt in European Capitals Over the Situation—Rebellion Is Growing.

Washington, June 23.—[Special Cablegram]—Acting Secretary of the Navy Hackett this morning received a dispatch from Kempff dated Chefoo, June 23, stating that our marines under Major Waller with four hundred Russians have had an engagement with the Chinese army near Tien Tsin. They were unable to break through the lines of the Chinese forces.

Two thousand troops are now ready to again make the attempt, the admiral reports.

In a previous dispatch Commander Wise of the gunboat Monacacy, reported the sending of the marines and Russians on a train with two field pieces from Taku, also saying that the French officers who escaped from Tien Tsin Tuesday stated that the Chinese were attacking that city fiercely.

von Ketteler Is Alive.  
Berlin, June 23.—[Special Cablegram]—The Chinese minister here has communicated with the German foreign office by cable from the Viceroy of Nankin saying that he had been informed from Peking that the German minister von Ketteler was alive. June 15 Ketteler was reported killed.

Garrison in Terrible Straits.  
New York, June 23.—[Special Telegram]—A cable from Rev. Frank Brown Methodist missionary at Tien Tsin, dated Chefoo, declares that Lieut. Wright, U. S. N., and one hundred and fifty persons were killed and wounded in the bombardment up to Wednesday. The garrison is in terrible straits.

More Ships and Men Needed.  
Washington, June 23.—[Special Telegram]—In another dispatch received by the Navy Department today, Rear Admiral Kempff at Taku, called for reinforcements of ships and men to protect American interests in China. He said that he was in urgent need of them.

Instructions were accordingly sent by the Navy Department to Rear Admiral Remey, at Manila, to send Kempff the reinforcements he wants.

Just what ships and the exact number of men to go are details that have been left to the discretion of Admiral Remey. The department's instructions to Remey show how seriously the government regards the situation in China.

More Soldiers to Be Sent.  
More American soldiers are to be sent also. A dispatch was sent to Major General MacArthur at Manila, which, while inquiring as to his ability to furnish more troops for service in China, contained what amounted to directions to get additional soldiers ready for shipment to the mouth of Pei Ho.

The government has become satisfied that the Boxer troubles will not blow over easily, and is prepared to go to extremes to protect the lives and property of Americans in the empire.

Situation Grows Worse Daily.  
London, June 23.—Every day counts, and the situation in China is worse for that reason. It was ten days since there was authentic information from the legation, and that fact alone justifies serious apprehension.

It is hardly creditable that the legations, with all their resources, should not have been able to send a courier with dispatches to the sea board. Twelve days have passed since the British admiral, with the mixed force of 2,300 marines, left Tien-Tsin for Peking, and there is no authentic news of his arrival.

Force Includes 800 Americans  
Washington, June 23.—Four thousand international troops at Tien Tsin have been defending the place for three days against a superior force of Chinese, and are in urgent need of reinforcements.

The force includes 800 Americans. The Chinese have big artillery and are said to be regular soldiers who have joined the Boxers.

A relief column from Taku, it is thought, will reach Tien Tsin today. The Ninth regiment is expected to sail

from Manila today and another regiment will be hurried after it as quickly as possible.

The Chinese director of telegraphs officially announces that the foreign legations in Peking are safe, but no confirmation of the statement has been obtained.

Russia Mobilizing Troops  
London, June 23.—The St. Petersburg correspondent of the Daily Mail, telegraphing Thursday, says:

"The Russian minister of war, General Kourpatkin, yesterday ordered a mobilization of all the Siberian regiments of the line."

### FOOD AND WATER ARE SCARCE

Foreign Quarters in the City of Tien Tsin Suffering

London, June 23.—A special dispatch from Shanghai says: "Intelligence has been brought by the United States gunboat Nashville that the foreign quarter at Tientsin was bombarded by Gens. Nieh, Tung Fuh Slang, Kang Su and Yuan Shu Kai. The result of the fighting is not known."

"The foreign residents are confined to a restricted district, and, as food and water are scarce, they have suffered greatly. The Ton Shan mines at Pieh-Tai-Ho were abandoned by the soldiers, and rioters flooded the mines and ruined the machinery."

The consuls at Shanghai still believe the foreign ministers at Peking safe, although Japanese reports received at Shanghai allege that up to June 15 100 foreigners had been killed in Peking.

The Daily Express says: "We understand that Mr. Reginald Thomas Tower, secretary of the British embassy in Washington, is to succeed Sir Claude MacDonald at Peking, and that the reason of Sir Claude's recall is the breakdown to his health."

Sheng, director-general of telegraphs, wires from Shanghai to the Chinese legations in Europe that the foreign legations in Peking are safe.

It is reported that the British government will immediately send 1,500 marines to China, and possibly, according to some of the morning papers, 10,000 of the regulars now with Lord Roberts.

"Eight hundred Americans are taking part in the fighting at Tientsin," says the Shanghai correspondent of the Daily Express, cabling Friday evening, "and they apparently form a part of a supplementary force, arriving with Germans and British after the conflict started. It is impossible to estimate the number of the Chinese there, but they had a surprising number of guns."

This information appears to have been brought by the United States gunboat Nashville to Chefoo and telegraphed thence to Shanghai. The Chinese are deserting Shanghai in large numbers and going into the interior. Reports from native sources continue to reach Shanghai of anarchy in Peking. According to these tales the streets are filled day and night with Boxers, who are wholly beyond the control of the Chinese troops and who are working themselves up to a frenzy and clamoring for the death of all foreigners.

The English consulate at Shanghai is said to have received from influential natives reports of a tragedy in the palace at Peking, though precisely what is not defined. The consulate thinks that Admiral Seymour, commander of the international relief column, was misled by information from Peking, and, consequently underestimated the difficulties in his way and the Chinese power of resistance with Maxim guns and Mausers.

Capt. G. F. Towle Is Dead.  
New York, June 23.—The death is announced in London of Capt. Geo. F. Towle, U. S. A., retired, aged sixty-five years. He was twice breveted for gallant and meritorious service in the civil war.

Miss Anna Knipp will visit relatives and friends at Dubuque, Ia., for the next three or four weeks.

## GOV. ROOSEVELT TO FINISH HIS TERM

HE WILL NOT RESIGN AS GOVERNOR OF NEW YORK.

Will Meet His Rough Rider Comrades at Oklahoma City July 4—Sends a Message to McKinley—Politicians at Washington Much Pleased with the Ticket.

New York, June 23.—B. B. Odell, Jr., chairman of the Republican State committee, had his attention directed today to the statement of an ardent partisan of Lieut. Gov. Woodruff that Gov. Roosevelt would probably resign making way for Mr. Woodruff in the executive office, the expected result being the nomination of Mr. Woodruff for governor. Mr. Odell said: "Governor Roosevelt will not resign. He will serve out his term as Gov. Cleveland did after he was nominated for president. There is no reason why he should resign."

To Meet His Comrades.  
On June 29 the governor will go west to attend a rough riders' convention at Oklahoma City on July 4. It will not be a political gathering and the governor feels that he will not violate good taste in visiting his old comrades in arms.

All other public appearances between now and July 12, the date on which the notification committee will visit him, have been canceled. This includes the republican ratification meeting at Carnegie hall on June 28, which the governor promised to address before this "vice president business" as he calls it came upon him.

Message to McKinley  
The following is the text of Governor Roosevelt's message to President McKinley:

"New York, June 21.—To the Hon. William McKinley, Washington, D. C.: I appreciate deeply your congratulations and am proud to associate with you on the ticket."

"THEODORE ROOSEVELT."

Will Speak in Nebraska  
Omaha, Neb., June 23.—Governor Roosevelt today agreed to deliver several speeches in Nebraska during the campaign.

Washington Likes Ticket

Washington, D. C., June 23.—In official circles only words of commendation are used in discussion of the ticket nominated at Philadelphia Thursday. The selection of Governor Roosevelt will, in the opinion of republican managers and officeholders, give the ticket enthusiasm and life and offset what is now referred to as the conservatism of President McKinley.

The vice-presidential candidate will be expected to swing the circuit, leaving the president to enjoy the quiet of Canton, with an occasional speech from the front stoop. Mr. Roosevelt will enter upon the campaign shortly, and will begin a thorough canvass, especially in the west, where his popularity is expected to make numerous votes for the ticket.

Need of Hard Work.

The necessity for hard work by the republicans during the coming campaign is admitted by officials here, and will be witnessed by the public in the early opening of headquarters at Chicago by the national and congressional committees.

## KENTUCKY HIRES A SAFE BLOWER

Prison Convict Promptly Opens the Vault Doors in State Treas.

Frankfort, Ky., June 23.—The treasurer of Kentucky had to send to the state penitentiary yesterday to get a professional safe blower to open the doors of the state treasury vault. The combination of the inside doors to the cash and bond boxes in the vault cell were lost when the new state treasurer took charge of the office.

Frankfort machinists have been at work on the doors for three days and made no progress. This morning a message was sent to the penitentiary for the loan of a convict who could blow open a safe.

Frank Simmons, who was sent up from Floyd County for safe blowing, was selected by the prison authorities as the best man to do the job, and he justified their confidence by opening the safe in thirty minutes.

## BADGERS TRIED THEIR NEW BOAT

Are Highly Pleased With Its Movement in the Water—The Boys Are Training Hard

Poughkeepsie, N. Y., June 23.—The Badgers launched their new shell for the first time yesterday afternoon and Coach O'Dea is well pleased with the boat. The varsity eight tried the shell and every member of the crew pronounced it an improvement over the one they have been using. It was noon before the boat was rigged and the crews only took short spurts, returning to the boat house in half an hour.

Last night both crews went up the river a short distance and practiced spurs. Valentine Frank has offered Coach O'Dea the use of the fast steamer Walla Walla, and he has accepted the offer. Today the Badgers are having a good hard day's practice.

## FILIPINOS WISH TO EXPEL FRIARS

PROPOSITION LOOKED UPON AS VERY IMPORTANT.

Priests Are Hated by the Natives—Considered a Menace to Peaceful Government and Must Be Got Rid Of—Their Rights as Residents to Be Respected.

Washington, D. C., June 23.—Administration officials regard the proposition of the Filipinos to expel the friars from the Philippines as the most important question to be considered by the Philippine commission, and they will give much time and attention to it. The commission has full authority to deal with this question.

It is recognized by administration officials that something must be done to curb the power of the friars in the islands. They are considered a menace to a peaceful government of the natives. At the same time their rights as residents are to be respected.

Must Get Rid of Them

A high official of the government said this morning: "We cannot take them by the scruff of the neck and pitch them into the sea. We cannot kick them out without recognizing their rights. At the same time we have got to do something to get rid of their influence. They are hated by the natives, and as long as they stay in the island they will be a source of trouble."

Plans for their expulsion will be discussed by the Philippine commission, and it is probable that some arrangement will be made to pay them for their property.

Judge Taft to Consider It.

Perhaps because he was not himself prepared to make any recommendations upon them, General MacArthur did not transmit to the War Department the results of the meeting of the Filipinos at Manila yesterday, at which they drew up the terms for the settling of the differences between the leaders of the insurrection and the United States government.

The general impression is that General MacArthur will leave the Philippine commission to deal with such matters. Some, at least, of the matters desired corrected are incorporated in instructions given to the commission. For instance, Judge Taft, the president of the commission, has been specially charged by his colleagues with the consideration of the question as to how the universal desire of the Filipinos for the election of the friars from the archipelago is to be reconciled with the organic principles of our laws relative to individual liberty.

The officers elected are:

President—J. L. Fitchard, Manitowish.

First Vice President—H. F. Wurdemann, Milwaukee.

Treasurer—S. S. Hall, Ripon.

## RUN AWAY WITH A CAGE OF MONKEYS

Steam Pile Driver at Beloit Frightens Animals in a Parade and a Stampede Follows.

Beloit, Wis., June 23.—There was a panic yesterday during the parade of a circus. A steam pile driver frightened an eight horse team of ponies attached to a cage of monkeys and they ran away.

The ponies attached to the cage of the performing dogs followed suit and both teams dashed away overturning the cages.

There was a spilling of monkeys and dogs. The horses on some of the other cages, encouraged by the manner in which the little ponies got away, also started on the run.

Fortunately none of the wild animals got loose and no one was injured. It required several hours' work for the trainers to capture the monkeys.

## OGDEN H. FETHERS THERE

M. Barney, Providence, R. I., and Mrs. Helen Bullock of Elmira, N. Y.

Reports of the various departments of the W. C. T. U. work will be given by the following superintendents: Mrs. Mary H. Hunt, Mrs. Wilbur F. Crafts, Washington, D. C.; Miss Anna Gordon.

## ONE DOLLAR WHEAT IS SOON EXPECTED

Chicago Board of Trade Members Look for the Rise Very Early Next Week.

Chicago, June 23.—[Special Telegram]—Wheat was excited at the start of this morning at an advance of 4 cents closing at \$1.88. Continued; bad news from the Northwest was the bull feature. The flour market advanced all over the world.

Chicago, June 23.—Dollar wheat is a possibility in the present bulge. The impression prevails that speculative influences are largely responsible for the activity which has characterized the market for several days.

The open board figure was three cents above the closing on the regular board Thursday and was brought about by the unattached dealers who are anxious to dispose of their belongings. The market was decidedly erratic yesterday, but at the close an increase of one half a cent was recorded.

While the present rise in prices is thought to be the result of speculative methods, several members of the board are inclined to believe that the much vaunted price of \$1 a bushel will be reached either Monday or Tuesday. Secretary Stone of the Board of Trade is one of those who think that the present bullish tendency will continue until the commodity reaches the dollar figure.

## ROBERTS IS CONVICTED

Jury Containing Four Mormons Found Him Guilty of Polygamy at Salt Lake Yesterday.

Salt Lake, Utah, June 23.—Brigham H. Roberts, late aspirant to a seat in the National House of Representatives, was yesterday found guilty of polygamy. The verdict was reached in a state court after a trial lasting only forty minutes. Four of the jury were Mormons, but they promptly agreed to the verdict, which was returned within fifteen minutes.

The conviction is remarkable because it has hitherto been exceedingly difficult to get a jury in a state court that would vote to find a man guilty of polygamy. Roberts will come up before Judge Norrell for sentence today.

The penalty provided in the statute is a fine of \$100 to \$1,000, imprisonment in the state penitentiary for a term not exceeding six months, or both fine and imprisonment.

Roberts hopes to escape on technicality, however, and will appeal to the Supreme court.

Compressed Coffee Tablets.

A process has been invented and patented in Brazil for preparing coffee in tablets by a system of compression. It is argued that not only will there be less expense in exporting coffee in this form, but that the customer will be more certain of thus receiving for his use the pure, unadulterated article.

England's Oldest Actor.

England's oldest actor, James Doef, has just passed his 96th birthday, and is still hearty, although he has retired from the management of the inn of which he was landlord until a few months ago. He made his first appearance upon the stage of the Plymouth theater in "The Turnpike Gate" when Queen Victoria was little more than a baby.

## CROKER ARRIVES WITHOUT A SMILE

Greets Assistant Boss Carroll and Others, Who Meet Him, Coldly.

## HITS MAYOR VAN WYCK

Says Mayor Must Be Removed if He Received Ice Trust Stock.

## HE WILL VOTE FOR MR. BRYAN

New York, June 23.—[Special Telegram]—Boss Croker, and his sons Frank and Herbert, arrived on the Lucania from Europe this morning after an absence of seven months.

The first question fired brought his opinion on the ice trust. The boss said if ice was sixty cents a hundred it was awful but there might be reasons. Asked if he owned any ice trust stock he said he possessed stock in a Philadelphia ice company before it was merged into the American and holds it yet. He so testified before the Mazet committee.

"If Mayor Van Wyck used his influence in office to secure stock in the American," said Croker, "he should be removed, however, you can't remove a man for simply holding stock."

He would say little on state or national politics claiming that he must look the field over first.

He will go to Kansas City Saturday next. He regards Bryan as the logical candidate and will be glad to work and vote for him. Trusts and anti-imperialism will be the chief planks in the platform, he said.

John F. Carroll, who was left in charge of Tammany when Croker went to Europe, and whose connection with the ice trust has caused trouble, was among those greeting Croker. He was coldly received. Carroll removed his hat and bowed deferentially, but the chief smiled not.

## BADGER DEMOCRATS FOR KANSAS CITY

Special Train Will Leave Milwaukee July 2—Milwaukee Will Send a Marching Club.

Milwaukee, June 23.—Chairman Peck of the Democratic state central committee, has issued a circular letter to the democrats of the state giving information regarding the trip to Kansas City.

The special train which it is expected to have will leave Milwaukee July 2, arriving in Kansas City July 3. Chairman Peck intimates that Milwaukee will send a marching club to the convention, and asks all democrats in the state who wish to join the club to communicate with Mayor Rose, who has the arrangements in hand.

Some of the faithful thought a reception ought to be arranged for Colonel Bryan, who arrived in Milwaukee this morning, but owing to the early hour there was no demonstration, though a few of the leaders saw him for a few minutes just before the train pulled out.

## BOTHA HAS POWER TO CONCLUDE PEACE

Officers were elected as follows:

Vice president—Governor A. P. Swineford, Alaska.

Treasurer—Mrs. E. C. Atwood, Colorado.

Executive committee—J. W. Adams, Georgia; Mrs. Ella Knowles Haskell, Montana; Judge P. A. Orton, Wisconsin.

## NORTHWEST WHEAT CROP IS BLASTED

LONG DROUTH HAS RUINED THE GROWTH THIS SEASON.

Effects in Wisconsin and Rock County—  
Other Crops Promise Well—Careful Estimate Shows That the Harvest Will Be 125,000,000 Bushels Short in the Northwest.

Luxuriant up to almost June 1; blasted, as no other wheat crop in this country ever was, by June 10—that is the story of this year's farming operations in the great Northwest.

The damage in Wisconsin is not so large, owing chiefly to the fact that so little spring wheat is grown. The farmers quit the raising of that cereal some time ago owing to the uncertainty of the crop. But reports are that the small acreage that has been sown at least 50 per cent of it has been destroyed by the drought beyond redemption.

In Rock county the conditions of the spring wheat crop are even more serious than in other parts of the state. There seems to have been less rain in this section than in other parts of the state. Oats, barley and rye, which have a larger acreage than spring wheat, have been damaged at least 40 per cent. Oats is heading out, now only six inches high on many fields. Rye has not yet reached half of its usual growth. The hay crop is very small.

The rains during the past few days will help all other crops in this county very much. Tobacco promises to do very well with the usual rains during the rest of the season.

Overwhelming Disaster  
In 1898 the two Dakotas and Minnesota harvested 225,000,000 bushels of spring wheat, and in 1899 they gathered in and marketed 200,000,000 bushels. This year this great wheat empire will have 75,000,000 bushels, and not much more. The Dakotas will have at harvest about 20,000,000 each, and Minnesota 35,000,000.

The suddenness and overwhelming character of the disaster make it well nigh impossible for anyone who has not personally seen the fields to appreciate the calamity. It has made it almost impossible to exaggerate the situation from the fact that an estimate radical one day has by the rapid march of events become suddenly conservative the next.

### All Conditions Abnormal

The primary cause of the disaster is of course the absence of seasonable rainfall since May 1, but no mere study of the figures of rainfall during this period will serve to account for the present situation. In other seasons almost equal lack of spring rainfall has simply served to shorten the crop, but this year all conditions have been abnormal, and it is a combination of abnormal conditions never before experienced, and which might not occur again in a lifetime, that has brought about the present failure.

### Rain Will Not Help

In the great wheat districts of North Dakota and in the Red river counties of Minnesota no amount of rain would now in any appreciable way revive wheat prospects. Three-fourths of the acreage is beyond the possibility of anything more than an average of two or three bushels per acre. In a considerable part of South Dakota and southern Minnesota, however, ample and regular rainfall and a perfect season henceforth might insure an average of from six to seven bushels per acre.

## STRAWBERRY TRADE IS HEAVY

Estimates Show 50,000 Crates Shipped From St. Joseph, Mich.

St. Joseph, Mich., June 23—Careful estimates made here today make the average shipment of strawberries from this port for the last four weeks to be 50,000 crates every week, which makes a total distribution to the growers of not less than \$200,000. This week will nearly wind up the strawberry crop, the best known here in many years.

## KELLY'S HORSES DOING WELL

Lucy Car Gains the Grasse Point Record At 2:14 1-2.

As the meetings of the Grand Circuit commence July 19 opening up at Detroit the drivers of the various tracks are giving their horses fast and strong work. At a matinee recently at the Grasse Point Track Detroit John Kelly's horse performed in a most satisfactory manner. He gained the track record for trotters with Lucy Car in 2:14. He also drove a green mare Quaddy Girl a mile better than 2:18; but the most remarkable exhibition given by Kelly was the winning with the comparatively green pacer, Sidney Pointer, over a field of good horses among them Deland 2:08 1-2, Sydney Pointer pacing one mile in 2:14.

The pride of the stable Larrabee went an easy mile in 2:16—last quarter in 31 seconds. Larrabee's prospects are first class for a good winner.

## RAIN HELPED THE TOBACCO PLANTING

Recent Showers Will Allow Transplanting and the Outlook for the Future Is Very Good.

The cured leaf market has been almost completely barren of transactions during the week. The only matter coming to notice is the sale of 1500s of '98 made by C. L. Cuiton to various parties. A little work is yet being done about the warehouses, but a midsummer quietness seems to have settled upon the trade at the packing points in the state, says the Wisconsin Tobacco Reporter.

The transplanting of the new crop has been carried on under difficulties during the week. The drought had become such a serious matter that growers hesitated about placing the plants in the field least it mean a loss of both time and plants, for every day witnessed the burning up of those previously transplanted. Thursday morning a good shower came that put a different phase on the situation and if more moisture is forthcoming the crop can be transplanted.

The shipments out of storage have dwindled away to 2500s for the week past to all points from this station. Since last reports 13000s of cigar leaf were exported from New York.

Good stories abound, and there is something to interest every one in the family. Published by the Crowell & Kirkpatrick Co., Springfield, Ohio; \$1.00 a year; 10 cents a copy; sample copy free.

Makes the Thief.

Many cases of poor health come from want of watchfulness. But if you keep your blood pure no thief can steal your health.

The one effective, natural blood purifier is Hood's Sarsaparilla. It never disappoints.

## KHEDIVE ARRIVES IN ENGLAND

Egypt's ruler, Khedive Tawfiq, arrived in England on his first official visit to this country.

The royal yacht Osborne brought his highness from Flushing to Port Victoria, where he was received with a salute from the fleet anchored at Cheerness, but he was prevented by illness from continuing his journey. The khedive is accompanied by the commander of the Anglo-Egyptian forces, Gen. Wingate, and Sir James Rennell Rodd, the British secretary of legation and secretary of the consul-general in Egypt. The duke of Cambridge, the Turkish ambassador, Antho Puto Pasha, and a number of other distinguished persons, with a guard of honor, assembled at the Charing Cross station to welcome the khedive, but they received the information after a tiresome wait that his highness was suffering from sickness, and would in consequence postpone his departure from Port Victoria for London. The welcoming party therefore dispersed, and shortly afterward, in response to a telegram, a London specialist left this city on a special train in order to attend the khedive. The khedive later was said to have been suffering for two days previous to his departure from Flushing from symptoms of diphtheria, which increased during the voyage. The attending physician, after a consultation on board the royal yacht, last night determined to wait until Saturday before deciding on the question of his removal to London.

The governor signed warrants for by-elections in Victoria and South Victoria, where Turner, the finance minister, and Eberts, the attorney general, have to be endorsed by the constituents. The elections will be held July 3. The dates of the other by-elections are not yet fixed.

## To Aid Destitute Indians.

Los Angeles, Cal., June 23.—Both the Santa Fe and Southern Pacific officials are conferring with Thomas E. Hughes, a large vineyardist of Fresno, Cal., in regard to a plan to relieve the destitute Pima and Papagos Indians on the Gila reservation in Arizona. Labor in the vineyards is difficult to obtain and Hughes promises to transport the Indians from Phoenix to Fresno at his own expense provided the roads will make a low rate, and pay them good wages for labor. The superintendent of the reservation has consented to the plan, provided the authorities at Washington agree, and they have been appealed to.

## Alpha May Be Seized.

Washington, June 23.—Assistant Secretary Spaulding, in speaking of the report that the British steamer Alpha had landed freight and passengers at Cape Nome on May 25, in violation of law, and had since escaped capture by the United States steamer Albatross, said that he had telegraphed for a report on the doings of the Alpha, and if it developed that she had landed a cargo and passengers at Nome as reported, she would be seized at once on her reappearance in American waters.

It is significant that in homes of wealth where the very best is demanded, Ivory Soap is used in the nursery. At the same time, in hundreds of families where economy decides the choice, Ivory Soap is selected. Thus its purity attracts the rich; its economy attracts the poor. ## GREEN AND MR. WHITE-HEAD.

The Monroe Sentinel, in an editorial summing up the reasons why Green county should stand by Senator Whitehead, speaks as follows:

"There are a number of reasons why Green County's republican delegation to the State Convention in August should support the Hon. Mr. Whitehead of Janesville, for governor and among them are the following: 1st. He is the logical candidate of the First Congressional District of which Green County is a part.

"2nd. His record in the State Legislature is one of which any man might be proud. He championed the cause of the people in the railroad and other bills successfully.

"3d. He is a man of great ability as a lawyer and otherwise, is cool-headed and safely conservative. A man whom nothing could budge from what he thought was right and just.

"4th. He is a true Republican. Has always stood by the party and the party's ticket and would in any event, Mr. Whitehead is not the kind of a man, who in event of his own disappointment would turn on his party and endeavor to beat its nominee at the polls. Neither is he the sort of man who would conduct a vilely personal campaign against the head of the republican administration and the administration in general in this state. He stands on his own merits and does he endeavor to make capital for himself by the slandering of others. Mr. Whitehead asks for the support of Green county at the coming convention. We know him to be competent and able in every respect to fill the highest office within the gift of the people of this state. We know him to be honest and upright, sound as a gold dollar and true as steel to his party. A man whose record is stainless. A man who as governor his party could be proud of."

Even Col. Bryan was "knocked speechless" by the action of the republican convention. A Minocqua special to The Sentinel says:

Col. Bryan kept well posted on what was going on in Philadelphia and received numerous bulletins from friends during the day. He was asked to express his opinion of the platform adopted in Philadelphia and the nomination of Messrs. McKinley and Roosevelt, but he declined to discuss politics.

It takes a good deal to silence Mr. Bryan, but the republican party is always equal to the task.

The Milwaukee Journal's special carnival edition was a credit to that enterprising and make-things-hum publication. The Journal is doing a good work for Milwaukee, and the result is already apparent. A spirit of municipal pride is always the forerunner of municipal progress, and the Journal keeps Milwaukee's horn a-tooting six days in the week.

Editor Gazette—I suggest, as Rock county's candidate for the democratic nomination for vice president, The Hon. E. Phineas Leek of the town of Janesville. Please tell Mr. Buckley I said so.

We give the above communication space, but must admit that we do not know The Hon. Leek. Can anyone tell us who he is?

A. J. Dodge's Washington dispatch to The Sentinel—There is no division of opinion that any one of the candidates

is qualified for the position. There is no unity of sentiment whether Bradford or Whitehead would be the stronger candidate in the convention. All agree that Bradford will have more votes than anybody except LaFollette, but there is an impression among the delegates from the Second, Sixth and Ninth districts that Whitehead would command more votes in the convention when the contest narrowed down to three candidates.

The newspapers continue to speak well of Senator Whitehead's candidacy, and all agree that he is one of the strongest factors in the contest. The chances for his nomination are admitted to be excellent, and some politicians think he will be in the lead on the first ballot.

Several justices of the supreme court of Wisconsin are now holding court in Vilas county, trying the case of Winslow, Bardeen, et al. Versus The Fish in Trout Lake. The arguments will require ten days' time—provided, of course, that a cause of action can be shown.

The Milwaukee papers may not dwell together in lamb like peace and tranquility, but they get their backs together pretty quick, when Milwaukee's interests are at stake, to make common war for the common good.

Now that the National convention is over with, the politicians will have something else to think of, and the state and county pots will doubtless begin to boil.

Ira B. Bradford and Senator Whitehead both spoke at the picnic of the Racine County Old Settlers society on Thursday.

With the exception of the Bill Bryan-crats, everyone is pleased.

But Bill Bryan-crats do not count these days.

So "everyone is pleased."

Let it go at that.

Amen.

## SUSIE E. LOWELL ACCEPTS

Will Teach German in the Waupun, Wis. High School

Miss Susie E. Lowell, daughter of Mr. and Mrs. E. W. Lowell, has accepted the appointment of teacher of German and Latin in the Waupun High school. This is a very fine position and one of the best in the disposition of the school board.

Miss Lowell, is one of Janesville's brightest young ladies, and holds a high position in social circles. She is one of this year's graduates from the state university where she received high honors.

The appointment at Waupun was unsolicited and shows the high esteem felt by the school boards of the state for the university graduates. That Miss Lowell will fill the position with honor to herself and the city is without question. What Janesville loses Waupun will gain and her host of friends wish her success.

Galbraith Sells a Stallion.

The Right Thing Has Been

Found. A Janesville Citizen Shows the Way.

Once more we are indebted to a Janesville citizen for a public statement that throws more light on a subject of ever-increasing interest. People have been deceived by false misrepresentations from time immemorial. No wonder they are skeptical of all claims endorsed by strangers, residing in far distant parts of the Union. It is no longer necessary to accept such endorsements, for local citizens are giving their testimony, and 'tis an easy matter for any reader to investigate the correctness of such evidence as the following:

Mr. H. W. Rodgers, carpenter, of 210 South Main street, says: "My wife had kidney complaint and rheumatism for five years, suffering a great deal from pain across the loins. Doan's Kidney Pills, sold by the People's Drug Co., brought much longer for and gratifying results. At first there was no visible change and she came to the conclusion that they were like all other remedies she had tried, but finally the aching and the distress in the small of her back disappeared."

Doan's Kidney Pills for sale by all dealers. Price, 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

## JOLLY CROWD THAT LEFT THE STATION

JANESVILLE DRUMMERS PICNIC AT MADISON TODAY

Over One Hundred of Them Make the Trip—They Will Be Joined by Members as the Train Passes Through Neighboring Towns—Expect a Very Good Time.

The Janesville Commercial Travelers are lucky, they are always lucky. If you don't believe it look at the kind of a day provided for them to visit Madison, as guests of the Madison Council No. 126 at their first annual picnic.

It was a jolly crowd that left the C. M. & St. P. station this morning. Their special of two vestibuled cars was attached to the regular Madison train and pulled out at 9:40 loaded with the travelers, their wives and families, one would have to look a long time to find a more pleasant gathering, everything was given up for pleasure and no one knows better how to enjoy an outing than the Commercial Travelers.

Over one hundred tickets were sold at this station, delegations from Milton Junction, Fort Atkinson, Edgerton and Stoughton will be picked up on the way and by the time Madison is reached the company will number in the neighborhood of two hundred.

The battery for the afternoon ball game had not been selected, although several first class candidates were in view, the battery most in favor is composed of John Sweeney, pitch, and A. F. Spooner, catch. This is a first class combination and ought to win.

Fred Van de Water president of the Janesville association was unable to accompany the excursion on account of sickness and his absence caused great regret.

The executive committee of Janesville Council had the excursion in charge and is composed of the following gentlemen: Geo. C. Metcalf, D. N. Hatfield, J. S. Carney and T. O. Howe.

The train was in charge of Conductor Spencer, and Engineer Chas. Warren. After a social dance lasting until 10:30 o'clock the party will leave Madison for home.

Well Known Local Young Man Received Notice of His Appointment This Morning.

Mr. Cadwallader took the postal examination at Milwaukee, March 25, 1899, and passed a creditable examination, but on account of their being no vacancies in the service at that time was not put to work. Since then he has heard nothing of being appointed and had given up the idea of getting a position. The appointment this morning came as a very agreeable surprise to him. Mr. Cadwallader is a young man of good habits and agreeable manners. Heretofore he has been employed in the shops of the Janesville Machine Company. He has a host of friends who wish him success in his new vocation.

## FREE MASONS ARE OUT FOR A FIGHT

Attorneys Retained to Contest Claims on Lapsed Insurance Policies in Wisconsin.

At a meeting in Milwaukee Thursday night of the committee appointed by members of the Northwestern Masonic Aid association, now the Northwestern Life Assurance company of Chicago, to arrange a plan of action for the members who have been called upon to pay delinquent assessments, it was decided to resist the attempts of the company to collect the assessments claimed by it to be due from the members.

Attorneys have been retained and the payment of the assessments will be contested in the courts. The so-called delinquents, of whom there are about 175 in Milwaukee, have decided to form a pool and each contribute a proportionate amount of the assessments demanded by the company towards defraying the expenses of fighting the claim.

The committee in charge are S. E. Tate, A. S. Johnson and Adolph Schand and any member outside of Milwaukee who wishes to join in the contest may do so by communication with Mr. Tate, who will explain the action of the committee.

There are about twenty or thirty interested parties in Janesville, and they will join this movement in Milwaukee.

## LOCAL ART LEAGUE DISCUSS COLOR LINE

Members Gather at Home of Mrs. Tanberg and Review the Work Done at Milwaukee.

Members of the Janesville Art League gathered at the pleasant home of Mrs. A. E. Tanberg on South Main street yesterday afternoon. The hostesses were Mesdames A. E. Tanberg, John Winans and Charles A. Sauborn, the ladies that represented the Janesville Art League at the Milwaukee biennial. On account of the rain the meeting was held in the parlors of the home of Mrs. Tanberg instead of the lawn as was announced.

Mrs. Chas. Sauborn the Janesville Art League delegate gave a very interesting report on the social features of the meeting, of the various receptions and entertainments that were given the delegates.

Mrs. A. E. Tanberg handled the questions of organization and the color line, which was so widely heralded in the newspapers, most of which she said was untrue. This part of the report raised considerable discussion and was left for future consideration.

Mrs. Winans told of her experience as a member of the committee of information. She used no notes and was well informed on the subjects under consideration, showing that she had a quick eye and was a keen observer of human nature. Her remarks were of a lighter nature than the preceding addresses and were thoroughly enjoyed.

Charming addresses were given by Mrs. Chas. Tarrant, Mrs. J. L. Ford and Miss Ida Harris, in relating their experiences on the different committees during the meeting.

## THE SECRET OF OSTEOPATHY

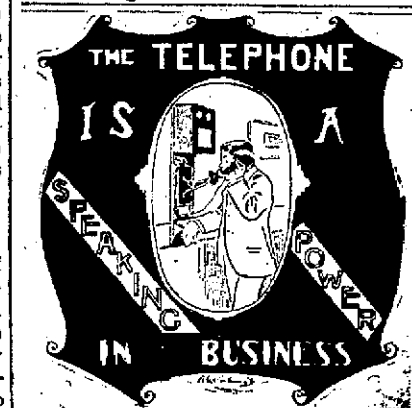

is in the correction of any displacement, or obstruction, which is in any way involving infringements upon the blood and lymph circulation or the action of nerve force. Osteopathy considers the spine and ribs as important parts of the skeleton because lesions in this region whether muscular or osseous, affect very seriously the organic centers in the spinal cord, the medulla, and the brain at the basis of life, and interferes with the nutritive influences that supply functional activity to all organic life.

That structural disorders affect the internal organs of the body cannot be doubted.

Osteopathy aims to correct tissue contraction or displacement, so that when the tissues and bones are restored to their normal position and function, nature may resume its normal activity.
